

Team Awkward Turtle – FRC Team 2108

2009 – 2010 Student Contract

By signing this sheet I verify the following:

I have read the student handbook thoroughly and fully understand the privileges and responsibilities that being a member of this FIRST Robotics Competition team involves. I understand and agree to follow the Code of Conduct.

I will hold myself and others to a high standard of safety while working with FIRST robots. I agree to wear safety glasses when in the build room, competition pits/field and other times deemed necessary by the safety captain/team.

I have a valid email address to be used for team communications. I will check my email at least every other day for team correspondence. I will verify my email address has been added to the team's Google Group.

I will be responsible for maintaining passing grades in all my classes during the build season. I will excuse myself from team events if I have fallen behind in my homework. If I need tutoring, I will ask my fellow students or mentors for assistance.

I will attend the team required core training classes and the student/parent orientation. I will also attend the training classes hosted by the sub-team of my choosing.

I will participate in team fundraising and will volunteer for at least 1 corporate presentation or local community outreach event. I understand that I may be asked to present FIRST, FRC and TAT to companies or local professional organizations.

I am willing to be a volunteer for local FIRST events to help grow FIRST in our state and local community. I understand these events might include FLL tournaments and mentoring FLL/FTC/FRC teams.

I understand that the mentors may ask me to take on a leadership position for TAT or my sub-team. If I accept the position, I will carry out my leadership duties to the best of my abilities.

I understand that my attendance and active participation at team meetings and build sessions determines my eligibility of going to regional competition and the Championship event in Atlanta.

I understand gracious professionalism and can describe the concept to someone else. I agree to act with gracious professionalism in all that I do while a member of this team
